

Coblator® II ArthroCart™

Get Organized With The Convenience Of A Cart

The ArthroCare ENT Coblotion Cart provides the convenience and organization that the operating room requires. The mobile cart allows all the Coblator II system components to be stored easily and safely, reducing the risk of the Coblator falling off generic rolling tables or the footswitch and flow control unit getting lost traveling around the OR on a random IV pole.

Coblotion ArthroCart Features:

Organization

- Extra shelves used to store Foot Control and additional ENT Wands
- Easy cable management

Convenience

- Small “footprint” of 26” x 26” x 40”
- Ergonomic handles for precise maneuvering
- No assembly required

Safety

- Velcro strap stabilizes and secures Coblator II system in place
- Conformed to U.S. tilt test IEC 301-1-1
